

This is a detailed cadastral map showing land parcels and their identifiers. A red dashed line highlights a specific path or boundary across the map. The parcels are labeled with numbers, often followed by a slash and a second number (e.g., 290/1, 677/1, 957/1). The map includes various geographical features like roads, fields, and small buildings. The red line starts at the top left, curves around the top right, and then follows a long, straight path down the right side before turning back towards the bottom left.
